

Apex Mountain Resort is seeking one permanent full-time heavy duty mechanic. In this role, you will primarily be responsible for maintenance and repair on our fleet of snowcats. This role is best suited for a heavy duty mechanic who has experience working on snowcats and light trucks. You will be responsible for diagnosing, maintaining, and efficiently repairing machines/vehicles while also assuring quality work. The position requires experience repairing heavy-duty equipment as a Red Seal certified mechanic including but not limited to servicing, troubleshooting, adjusting, overhauling and maintaining hydraulics, attachments, drive trains, tracked vehicle suspensions and steering. If you are looking for a secure workplace where your skills and work ethic are appreciated and rewarded, please apply today!

Some of the duties of the heavy duty mechanic include, but are not limited to;

- Perform maintenance and repairs on snowcats and company vehicles.
- Identify problems with vehicles using diagnostic equipment.
- Perform engine and full drivetrain diagnosis and repair.
- Perform electrical diagnosis and repair.
- Test the functionality of parts and systems.
- Perform basic auto care and maintenance tasks such as oil changes, fluid level checks, and tire rotation.
- Experience with heavy equipment and as a diesel mechanic, diesel engine knowledge.
- Repair and replace brake pads, wheel bearings, sensors and other parts.
- Perform routine maintenance and general mechanic work on vehicles.
- Prepared to get additional certification as needed.
- Willingness to learn with hands-on training.
- Help keep the repair shop clean and organized.
- Must have own tools to perform normal services and repairs.
- Ability to drive manual transmission vehicles
- Ability to lift 50+ pounds
- Ability to multi task and problem solve
- Ability to work well in a team or independently
- Excellent communication skills both verbal and written
- Valid class 5 license and a clean Driver's Abstract
